Out and About: Relish Burgers in Gainesville

Every time I decide to eat outside of my house. The only option that comes to my mind is Relish. If you are looking for really amazing hamburgers, definitely Relish is your option. Every piece of the hamburger is amazing. I always order the double tasty burger which is a double 200g of meat. You can find other options such as chicken and even hot dogs, but If I were you, I would choose the double tasty. That burger is perfect starting from the bread. I think that the gods of Olympus are those who create the bread because the bread has not comparison. The meat is terrific. There is no difference between the meat there and a steak. The meat tastes like real meat. Additionally, they have several options for sauces, and all toppings are always fresh. The combination of all these elements creates the perfect burger. Every bite is like going to the other side and coming back. I do not want to share all the time that I have eaten there because I would feel embarrassed. Definitely, Relish is the best burger restaurant in Gainesville. Hand downs to these burgers!

Grammar

Q: What are the correct uses for a semicolon?

A: Semicolons are used to connect two related independent clauses in the same place where a period could go. You should not use it to separate an independent and dependent clause. Here are some examples:

- I usually wear a coat in the winter; I've only worn a coat once this year.
- I thought it would be very cold in January; however, it wasn't cold.
- Incorrect: If the weather gets cold; I will have to wear a coat.
